Teamwork, artistry, power, unison...

Synchronized skating involves a group of 8 or more skaters performing various group formation and elements to music. It's a great way to become involved in a team sport, enhance skating skills, increase community awareness, and make new friends!

Note: This is not a learn-to-skate program. All interested skaters must currently be enrolled in a figure skating program.

Skaters must be registered in a figure skating session program at the North Bay Skating Club, or other figure skating club in the surrounding area. This provides all team members with valuable opportunities to practice and hone necessary skill development and refinement, and complements the time that synchronized skaters have for team practice. For more information on NBSC programs, please visit nbfsc.uplifterinc.com.

Registrations will be returned if there are outstanding fees from previous NBSC sessions or any other registered Skate Canada club. Skaters will not be permitted on the ice, nor will they be allowed to participate in skating tests.

There will be no refunds after October 14, 2018 nor will there be substitutions or make-ups for missed sessions. A refund or credit due to medical reasons may be considered provided a written request is accompanied by a doctor's certificate. A \$50 administration fee will be applied for any refunds.

A \$45 service charge will be applied to all NSF cheques. Cash, certified cheque or money order will be the only method of payment for individuals who have issued NSF cheques in the past.
