Teamwork, artistry, power, unison...

Synchronized skating involves a group of 8 or more skaters performing various group formation and elements to music. It's a great way to become involved in a team sport, enhance skating skills, increase community awareness, and make new friends!

Note: All interested skaters must currently be enrolled in a figure skating program, and have achieved their STAR 1 Skills assessment by October 15, 2019.

The following session dates occur at 9:00 a.m.-11:00 a.m. at Memorial Gardens in North Bay unless otherwise stated. Session dates marked with an asterisk* occur at 7:00 a.m. - 8:00 a.m.

Skaters must be registered in a figure skating session program with a minimum of two singles sessions per week at the North Bay Skating Club, or other figure skating club in the surrounding area. This provides all team members with valuable opportunities to practice and hone necessary skill development and refinement, and complements the time that synchronized skaters have for team practice. For more information on skating programs, please consult your singles coach.

This season, skaters must achieve their STAR 1 Skills assessment by October 15, 2019, in order to compete with the Elementary team. Skaters who have not passed this assessment by this date may still participate and skate with the team. For more information on this prerequisite, please visit our page on NorthBaySkatingClub.ca.

Registrations will be returned if there are outstanding fees from previous NBSC sessions or any other registered Skate Canada club. Skaters will not be permitted on the ice, nor will they be allowed to participate in skating tests.

There will be no further prorated refunds after October 15, 2019 nor will there be substitutions or make-ups for missed sessions. A refund or credit due to medical reasons may be considered provided a written request is accompanied by a doctor's certificate.

A \$45 service charge will be applied to all NSF cheques. Cash, certified cheque or money order will be the only method of payment for individuals who have issued NSF cheques in the past.
