Synchronized skating involves a group of 8 or more skaters performing various group formation and elements to music.

The objective is for the team to perform as one unit executing circles, blocks, lines, wheels and intersections in unison to the music, while demonstrating quality edges, power and flow.

**Synchronized skating is the perfect sport because it:**

- Is a team sport, which attracts participants who enjoy a team atmosphere
- Enhances single skaters development by providing additional skating and choreography
- Promotes club loyalty as skaters represent a team within the club
- Increases community awareness
- Provides an opportunity to compete at national and international levels
- A FUN way to meet new friends

**REGISTRATION POLICY – OUTSTANDING ACCOUNTS**
